Sea Destinations; Unique events on board

Straits of the Dardanelles

Crossing the Straits of the Dardanelles at sunset will feel like traveling through time. You will see the gates of the East appear in the spiraling veils of the Dervishes; the authentic dancers who for centuries have been initiated into the whirling dance. A unique spectacle.

Archipelago of Santorini

The sunset over Santorini is one of the most beautiful in the world, and when you see it from the sea, it is even more special. The sun slowly descends, creating incredible shades in the sky. Capture the uniqueness of the panorama in a photograph while sipping your favorite aperitif. A performance you should not miss, a moment that will leave you speechless.

Wine Tasting in the Shadow of the Volcano

Mount Etna, the pulsating heart of Sicily, will surprise you with the finest wines of the island. Pour yourself from the oak barrels and with each sip, discover the rich and diverse ecosystem of the island.

Calypto: The Abyss of the Mediterranean

The depths of the sea below us, the vast sky above. As the ship makes a stop at the deepest point of the Mediterranean, it transforms into an extraordinary landscape, traversed by marine creatures that come to life in a party submerged in magic and mystery. A unique experience that explores the depths and unmatched charm of the sea.

To sum up: Costa's cruise ships are...

➤ Ideal for families

While your kids have fun at the Squok Club playground, where many fun and interactive activities are offered, you can enjoy the carefree services offered by Costa.

➤ Ideal for couples

Start your day enjoying your breakfast and then relax in the sauna or pool overlooking the sea. Rejuvenate in the beauty salon or have fun with the variety of activities on board. In the evening, have lunch at one of the ship's restaurants before drifting into the frantic rhythms of the disco.

➤ Perfect or everyone

Whether it's your first cruise or you've already experienced the joy of cruising, we invite you to explore the enchanting Istanbul and the unique islands of the Aegean with one of the ship's organized tours or even on your own.
